Official Opening

Mayor Andy Preston came to Discovery to officially open our new classrooms. He was very impressed with the children and the academy. The children really enjoyed meeting Andy and showing him around. We hope to see him again to show him more of the great work happening at Discovery.

Website

Discovery has a new website. While we are still adding information, please take a look at the amazing work that is happening. Over the coming weeks, we will add key dates to the calendar, information about your child's classroom and curriculum and more photos for you to enjoy. The website has google translate and will soon have text to speech. We will also be adding more pictures from the Mayor's visit for you to enjoy.
