

Chris's Class Newsletter –Spring Term 1 2020

**Our Topic this half term is:
Can I switch it on?
This term we will be
reading:**

Welcome back!

We hope you all had a wonderful Christmas break, we are so pleased to have our pupils back for an exciting new term! During the spring term our topic will be 'Can I switch it on? We will be looking at a vast array of technology using cause and effect, switches and exploring Virtual Reality. We will be exploring new sensory experiences and having fun with some new mechanical toys!

We will be focusing on 'The little Engine that Could' as part of our communication and focus sessions, helping widen the pupils vocabulary and will focus on sequencing the events of the story. We will continue to work on sounds that we can recognise or make ourselves and where appropriate pupils will continue to progress through 'Letters and Sounds' phonics phase 1.

We had a wonderful but rather cold visit to Guisborough Walkway before Christmas. The pupils had a fantastic time exploring the snow, the woods and we even threw a few snowballs!

Golden Rule of the half term

We listen to others

**Teacher: Chris
Learning Support: Nic
Care Assistant: Emma**

If you have any questions or concerns regarding your child, please do not hesitate to speak to us. We are here to help. Thank you.

Over the course of the half term the children will be learning to make a fruit salad! We will make it every week and the children will receive less support each week with the eventual goal of making it themselves with simply visual support! If you would like to do this at home with your child that would be wonderful!
