

English

Before you start your English activities, play the following song, this gets us ready for our learning.

<https://www.youtube.com/watch?v=saF3-foXWAY> use the alphabet card from your home pack.

Where's Spot?

This week's story is all about a silly puppy called 'Spot'. <https://www.youtube.com/watch?v=9RG5cqRqor4>

After watching the story a couple of times, you can now talk about it together and ask some questions to check good listening.

Questions to ask : Where was Spot hiding? Why was Sally looking for Spot? Which animal did Sally find first?

Can you remember all the animals in the story? Don't forget Sally and Spot!

Maths

In class, we always play a number song before maths so children know their number learning is about to start.

Use the number line from your home pack.

In our spot story, think about the words that were used to find the animals.

under in on

Look at the video and learn the Makaton signs for the words:

Art Activity of the Week

Use the pictures of Spot that I have attached or draw a big shape and call it Spot.

Talk about the colours you are using then write them down on your sheet.

Hello!

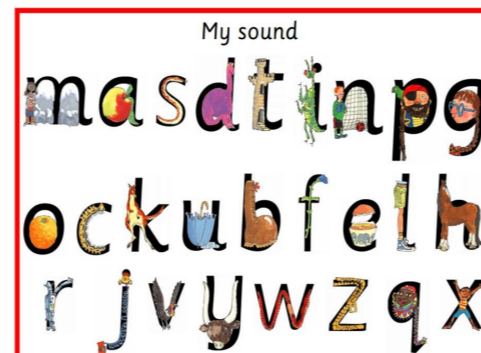

Here are your Week Three learning ideas.

Some children might know our story this week. You will see I have linked some other activities to our story, this helps us to remember stories and be able to talk about them long after we have heard them.

Please continue to listen to the phonics sounds below as often as you can.

If you need any further support or if you have any questions please ring school and I will help you where I can.

Writing

This week you need to write a shopping list to remind you what you need from the shops.

When you write your list, remember to use your phonics and think of the first sound, middle sound and last sound in the words. Don't forget to use Fred Fingers!
