Art Activity of the Week

Paint Splating!

Mix water and paint in a balloon, knot the end and then tape this to a piece of card or paper. Then SPLAT! Use feet, hands or anything else to burst the balloon and release the paint. This is a very messy activity and best to do this outside!

Messy Play Activity of Week

Fence Painting with Water

Ok this is not that messy! If you have a fence in your garden why not let your child paint it with water! The effect is great and it dries very quickly ready for second coat!

Sensory Number Song of The Week

5 Little Speckled Frogs

There is a link to a wonderful version of this song here:

Craft Activity of The Week

Feed The Lion Counting Game.

This works with any animal it does not have to be a Lion! Cut the face of an animal out, then cut out the mouth. Place the cut out over a tube or an old toilet roll holder and ask your child to place a number of objects in the hole. You can use tweezers to work on fine motor skills too!
