Thank you for taking the time to look at the proposal for the new Discovery Special Academy School

Interserve are seeking the construction of a new school building on Sandy Flatts Lane, Acklam, Middlesbrough, for the Tees Valley Education Trust. The special school will provide high quality education for up to 84 primary school children with severe learning difficulties and physical/medical needs.

The site formerly comprised an eco-centre, which ceased operation in 2013. The site has since been fenced off from public access and has remained vacant and become overgrown. The proposed development will bring the site back into active use with a well-planned and high quality design.

This public consultation exercise is an opportunity for you to engage with our vision for the site and to provide us with valuable feedback which will help shape the future of the site.

Please visit the following website for more information on the proposals: <https://dppukltd.com/discovery/>

Please let us know your thoughts on the proposal by emailing your comments to:
