

Welcome Back!

We hope you had a lovely Christmas Break. We are very happy to be back at school and are looking forward to lots of exciting activities and learning taking place this half term.

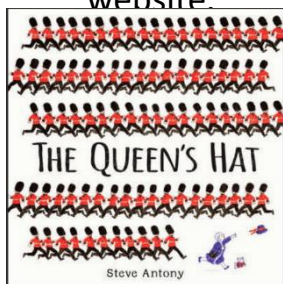

showbie

We are continuing to use the Showbie app to send you photographs and information about your child's learning. Please send your responses so we can share these with your child in school.

Please let us know if you are unable to access Showbie and we can support you with this.

Our story this half term is The Queen's Hat, by Steve Antony.

You can find a video of this story on our class curriculum page on the Discovery website.

PE

Our PE days are on a **Monday** and **Thursday** afternoon.

We have now provided all children with a Discovery PE kit of shorts, t-shirt and plimsolls.

Health, hygiene and safety

In our PSHERE lessons this half term, we will be learning about how to keep ourselves healthy, clean and safe. We are going to practice brushing our teeth, washing our hands, brushing our hair and crossing the road safely.

Health, hygiene and safety

Our Curriculum:

We have many exciting activities planned this half term.

In History we are exploring how Middlesbrough has changed. To help us with this, we will be using the Discovery minibus to go on a tour of Middlesbrough to look at the town's landmarks. We will then write a recount of our trip in our English lessons.

Our topic in Science is classifying animals. As part of this we will have a visit from ZooLab. The ZooLab workshop will allow us to experience and find out about a wide range of animals.

Thank you

Thank you for continuing to include the home/school book in your child's bag every day.

Thank you for continuing to return both library books and reading books. The children are always excited to take their new books home!
