

Year 5/6 Newsletter – Summer Term 2023

Meet the staff.....

Teacher: Michelle South

Learning Support: Tyler Sharp and Becky Pinchbeck

We are continuing to use the Showbie app to send you photographs and information about your child's learning. If you are having trouble accessing this, please give the academy a call and we can support you.

Happy Summer!

What a wonderful year we have had so far with the children!
Everyone is working so incredibly hard and have achieved so much in such a short time. We are so proud of them all.

Our stories this term:

Please see our class page on the Discovery website for videos of these books being read aloud for children to watch.

Newham Grange Leisure Farm

Last half term, we enjoyed our visit to Newham Grange Leisure Farm. The children explored the farm, saw and handled a range of different animals including: guinea pigs, rabbits, llamas, donkeys and horses.

Our Curriculum:

In science, we will be learning all about plants and flowers. We will explore the part that flowers play in the life cycle of flowering plants, including pollination and seed dispersal.

As part of our wider curriculum work, we will be looking at maps of our local area, finding facts about the Transporter Bridge and creating art work based on local industry.

PE: Our PE day is Wednesday

Home/school communication books

All children have a home/school book so you can communicate any needs your child may have during the school day. Thank you for including the home /school book in your child's book bag every day.
