

At Discovery, you will see the behaviours below from our whole school community, to show our four core values, *Independence*, *Resilience*, *Respect* and *Collaboration*.

### Independent

- Gets dressed by themselves
- Packs their own school bag
- Tidies up after playing
- Tries to solve problems before asking for help
- Knowing when to ask for help
- Makes simple choices (like snacks or clothes)
- Takes care of their things
- Listens and follows instructions

### Resilient

- Keeps trying, even when something is hard
- Bounces back after making a mistake
- Says “I can try again” instead of giving up
- Stays calm when things don’t go their way
- Asks for help when they need it
- Tries different ways to solve a problem
- Learns from mistakes instead of getting upset
- Doesn’t let little problems ruin their day
- Believes they can improve with practice

### Respectful

- Listens when others are talking
- Uses kind words and a polite voice
- Takes turns and shares with others
- Says “please” and “thank you”
- Follows Steps to success (with/ without support)
- Looks after school and other people’s things
- Includes others and treats everyone fairly
- Accepts when someone says “no”

### Collaborative

- Works and plays nicely with others
- Takes turns during games or group work
- Listens to others’ ideas
- Shares resources and space
- Helps others when they need it
- Solves problems together
- Encourages others
- Joins in group activities
- Follows group rules
- Celebrates the team’s success, not just their own
