

Discovery Special Academy Newsletter Spring 2025

As we come to the end of the spring term we would like to share some of the highlights from the last few months. It has been a busy and productive term across the academy some of the learning and events that have taken place.

Sensory Spaces

We continue to develop our sensory spaces in the academy. These spaces are invaluable and support our therapeutic curriculum, supporting pupils to regulate to help them be ready to learn.

Attendance

As we head into the summer term, we'd like to remind families that good attendance is key to helping pupils feel settled, happy, and ready to learn. Being in school every day gives children the best chance to make progress in all areas of their development. The lovely photos on the next few pages show just how happy our pupils are and the fantastic learning taking place across the academy.

Thank you for your continued support.

Living Eggs

We had the exciting experience of caring for living eggs, watching them hatch, and delighting in the sight of adorable chicks and ducks, even getting the chance to handle them.

Drumming

Our pupils have thoroughly enjoyed a variety of drumming workshops and clubs, including steel pans, djembe, and sessions with a visiting drummer.

Sporting Events

We really enjoy staying active, and our pupils have participated in a range of sporting events both within the academy and beyond.

We love to read

Visits

Look at some of the great visits pupils have been on this term.

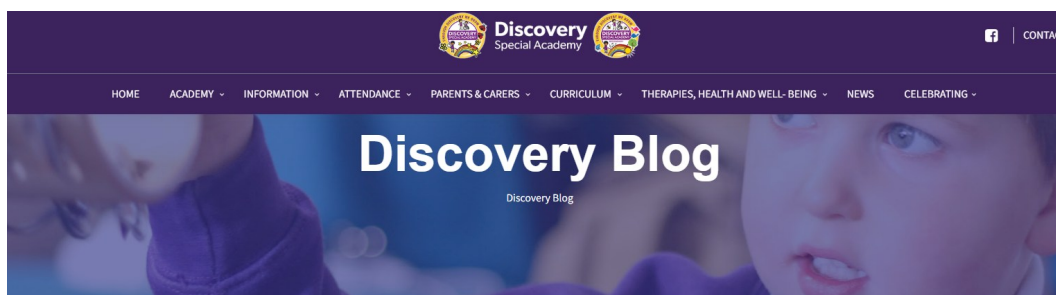

The last day of term is Friday 11th April.

We hope you have a lovely Easter break and we look forward to pupils returning to the academy on Monday 28th April.

Our Website

Visit our website – it's really worth having a look! You'll find lots of information about our curriculum, photo galleries celebrating everything that happens at the academy, and our weekly blog featuring "Explorer of the Week."
