

Secondary Newsletter

Spring 2026

Teacher: Alex
Learning Support: Kendra, Sakeena, Lianne

Happy New Year!
We are all happy to be back at school after the Christmas holidays, we have a lot to look forward to in the Spring term!

Please ensure pupils bring a coat to school as pupils take part in a lot of outdoor learning as well as having break times and lunch times outside. Please could students bring in a water bottle if they have one at home as they often get very thirsty in PE. Thankyou!

Curriculum: We are learning...

In Creative Arts we will be studying African art and the work of Esther Mahlangu.

In Social and Cultural we will be studying conflict, specifically WWI.

In PE we will be focussing on encouraging the pupils to understand the rules of and play sports independently.

In PSHERE we will look at the emergency services and learn how to report an emergency.

In Careers sessions pupils will be learning about the importance of experience to be successful in a career.

This term the pupils will still move between different teachers for their English, Maths, and Science lessons. Wider curriculum (afternoon) lessons will still take place with Alex for year 9 pupils.

In Science we are learning about the Evolution.

In Computing pupils will be using Microsoft word to practice publishing and organising information.

We will be practicing our comprehension, writing and discussion skills to work towards a functional skills qualification in English.

We will be continuing to develop our number skills and practice applying these to a range of situations to work towards a functional skills qualification in Maths.
